

The Roy is located in the historical warehouse district at 1650 Granville Street in Halifax, Nova Scotia. A \$50 million development by Starfish Properties, this modern 22-storey ultra-luxurious condominium has a total of 86 condos. Below this it features 3 floors of commercial space and 4 floors of above grade parking. It has beautiful contemporary style, exquisite amenities and unrivalled views across Halifax.

APA Facade Systems worked in conjunction with Flynn Group of Companies on this prestigious project. We provided Flynn with our design assist service and manufactured our TB50 Facade System, ST Windows /Doors and our Louvers. Our systems cover the majority of the 325,000 sq. ft. building.
