

APA Facade Systems worked on numbers 3, 5, 7 & 8 Wellington Place.

No. 3 Wellington Place (right) features our TB50 Facade Systems and ST70 windows and doors. The 5-storey building provides 115,000 sq of office space with an emphasis on low-carbon consumption and high energy efficiency.

No. 5 Wellington Place (bottom) is a 75,252 sq. ft. five-storey building offering grade A office accommodation with ancillary retail space and benefits from a BREAM excellent rating. It features our TB50 curtain walling, ST70 windows and doors, brise soleil and louvres.

No's. 7 & 8 Wellington Place (top) consists of 378,000 sq. ft. of office space featuring over 18,000m² of our TB60 curtain walling including three substantially impressive atriums and 600m² of rooflights. Our St70 windows and doors and louvres also feature on this building.
