

Northwood Nursing Home on the 0.43-hectare site in Santry was handed over to Bartra Healthcare in February 2020.

APA Facade Systems worked on this Elliot Building & Civil Engineering project with Windows & Roof Lights Ltd who installed our TB50 facade system and ST70 HI high-performance window system.

Designed by Maloney O'Beirne Architects, this 118 bed nursing home will be Bartra Healthcare's third elderly care facility and is located off the old Ballymun road, close to the Northwood Estate.
