

The Allergan Pharmaceutical development is a 16,000 m<sup>2</sup> pharmaceutical plant located in Westport, Co. Mayo.

APA Facade Systems worked in conjunction with Season Master Double glazing on this project. Season Master installed our TB50 facade system to building envelope of this development which included a tunnel from one section of the building to another.

This project was completed in 2013 and managed by Sisk & Sons. The architectural firm looking after this development was Taylor Architects, now Taylor McCarney Architects.

### Main Contractor:

John Sisk & Sons
