Four Ferns Nursing Home
Foxrock - Dublin

The Four Ferns Nursing Home is a three-storey innovative care home that combines cutting-edge interior design with elegant architecture. This development is laid out in a series of radiating wings with central living and dining spaces overlooking gardens and woodland spaces.

Having officially opened in November 2019, this €36 million, 7,800 m² project is is Dublin's premier elderly living space and the most expensive nursing home development in Ireland.

Our installation partners Windows & Roof Lights Ltd installed our TB50 facade system and ST70 windows and doors on this exclusive project designed by award-winning architect Michael Freaney of Reddy Architecture + Urbanism.
