

The former Zanzibar bar and nightclub on Ormonde Quay in Dublin City, has been transformed into a beautiful, modern 160-room Aparthotel by C+W O'Brien.

Each of the studio apartments is equipped with fully fitted kitchens and a spacious living area.

Overlooking the River Liffey, this development has a new light-filled foyer area that features our TB50 curtain wall system and ST70 doors. Our curtain wall system was also installed as a sloped rooflight in the new bar and eatery.

Seasonmaster Double Glazing expertly installed our systems on this project by Bennett Construction. was completed in the 4th quarter of 2020.
