

Moorehall Lodge is a brand new, 90 bedroom, four storey nursing home located on the lands of the former Sea Mills Hosiery Factory on Bath Road in Balbriggan.

The existing chimney of the former Sea Mills Hosiery Factory which is now a protected structure has been included in the landscape design.

Our curtain wall system and over 130 of our thermally enhanced ST70 Hi windows and doors were installed on Moorehall Lodge by Ellipsis Aluminium.

The floor to ceiling design by Reddy Architecture & Urbanism provides bright, light filled rooms with expansive views of the coastline, landscaped gardens and local playground. Moorehall Lodge nursing home was developed by Purcell Construction.
