

The Dean Galway is the latest in a line of stylish boutique hotels from Press Up Hospitality Group and officially opened for business in April 2022.

Our high performance ST70 Hi windows were installed in each of the 100 bedrooms. The rooms come with big comfy beds, rainfall power showers, fully stocked Smeg fridges, Netflix enabled smart TVs, a Munchie Box filled with sweet and savoury Irish snacks and booze and a Marshall speaker.

Our TB50 curtain wall system and ST70 Hi doors provide spectacular views of Galway City and beyond in Sophie's rooftop restaurant. This is one of two restaurants at the hotel with the first Elephant & Castle in the West of Ireland also opening. Other facilities include Peg's Bar, The Blue Room for events and the Power Gym.
